| Vitamin E | 400 IU/kg | |

- ▶ Proven formulation based on both enhancement and commercial culture experience, and expert knowledge from EWOS Innovation.
- ▶ Premium fish oil and low temperature (LT) fishmeal give fry the best start in order to maximize survival and growth throughout the production cycle. Premium ingredients and a high quality final product ensure high digestibility and excellent water quality.
- ▶ Particle sizing has been carefully designed to match the ability of the fish to consume feed.

EWOS feed is made under the stringent controls of several International standards.

- ▶ Best Aquaculture Practices (BAP);
- ▶ Good Agricultural Practice (GLOBALG.A.P.);
- ▶ Quality Management System (ISO 9001);
- ▶ Food Safety Management System HACCP (ISO 22000);
- ▶ Environmental Management System (ISO 14001); and,
- ▶ Health & Safety Management System (OHSAS 18001).

EWOS Canada demonstrates its commitment to ethics and sustainability along the entire value chain by:

- ▶ Responsibly selecting raw materials from sustainable sources.
- ▶ Formulating and producing nutritionally balanced feeds that enhance efficient use of fish meal and fish oil.
- ▶ Employing ethical and environmentally friendly processes and materials.
